1. INTRODUCTION

This manual is edited for registered physiotherapists to comply the mandatory continuing professional development (MCPD) scheme, in terms of implementation and administration for lifelong learning.

In this ever changing and challenging world with evolving knowledge, technology and readily accessible information; healthcare professional should be competent and equipped with update knowledge / information to meet patients' / clients' expectation.

In the 2021 Chief Executive Policy Address, it was stated that patients could directly access for physiotherapy services in primary healthcare without doctors' referral and mandatory CPD applied to physiotherapists as one of the healthcare professionals. For patients' benefits, direct access for physiotherapy services was then bundled with mandatory CPD.

CPD is the process in which PT engage in the context of their career lives. It encompasses a wide range of activities which enhance the professional competency. It is a lifelong learning process as stated in the National Advisory Group for Continuing Education and Lifelong Learning (NAGCELL),

'Lifelong learning should be for all aspects of life and meet a variety of needs and objectives. It should foster personal and collective development, stimulate achievement, encourage creativity, provide and enhance skills, contribute to the enlargement of knowledge itself, enhance cultural and leisure pursuits and underpin citizenship and independent living.' (NAGCELL, 1997: Par 5.12)

In order to encapsulate the broad attributes of competence within the profession, while respecting individuals' particular scope of practice, career stage, preference, employment sector or setting, and occupational role, PT should maintain his / her own CPD a balance between formal, structured learning and unplanned learning in the workplace. The emphasis should be focused on self-directed learning and learning outcomes rather than on quantitative input.

The legislative amendments to the Allied Health Professions Ordinance, Cap. 359 has stipulated that **the Board must not issue a practising certificate to the person unless the board is satisfied that the person has complied with the requirement regarding CPD determined by the Council as applicable to the person.** (*s.16 of Cap. 359*)

2. OBJECTIVES OF THE MANDATORY CPD SCHEME AND PREFERRED LEARNING OUTCOMES

Objectives of the Mandatory CPD scheme are:

- i) To encourage registrants to keep abreast of knowledge and skill in physiotherapy.
- ii) To maintain quality professional practice
- iii) To meet the needs of society.

Six learning outcomes:-

- i) Work with understanding, and respond appropriately to the limits of professional practice
- ii) Demonstrate effectiveness in practice (i.e. assessment, decision-making, planning and goal-setting, implementation, evaluation, on-going review and record keeping)
- iii) Practice within the profession's moral and ethical framework
- iv) Think critically in all related perspectives
- v) Deal appropriately with the new and the non-routine
- vi) Communicate and collaborate effectively. (CPD29 of CSP, 2003: pp 3-4)

3. THE MANDATORY CPD CYCLE & POINT REQUIREMENTS

Registrants are required to attain a minimum of **45 CPD points** in a 3-year CPD cycle with a **minimum of 5 CPD points** in each year during the cycle. (A “year” here refers to a period from 1 July of a year to 30 June of the following year). Excess CPD points cannot be rolled over or carried forward to the next CPD cycle.

Physiotherapists registered after the start of a 3-year Mandatory CPD cycle with the shortest period of 2 to 2.5 years validity of practising certificate will be allowed to attain 30 CPD points in that CPD cycle.

The following table outlines the requirements:

Group	End Date of Practising Certificate	Start Date of Practising Certificate	CPD Points required by end date of Practising Certificate	Approximate Duration for obtaining CPD points	Annual Requirement
A	30.6.2028	Between 25.7.2025 and 30.6.2026	30 Points	2 Years	- 25.7.2025 – 30.6.2026: 0 Points - 1.7.2026 – 30.6.2027: 5 Points - 1.7.2027 – 30.6.2028: 5 Points

4. CPD ACTIVITIES

CPD activities eligible for accreditation are classified into **core** and **non-core** activities. Core CPD activities shall have a higher rating of CPD points as compared with non-core ones. Please refer to **Appendix I** for details. For core activities, 1 unit of CPD point is credited for one hour of audience participation whereas for non-core activities, 0.5 CPD point is credited for one hour of audience participation. There are six categories of CPD activities. Details of the point allocation of each kind of activity and its corresponding constraints are listed in **Appendix I**. The CPD year cycle to which the points are allocated is determined by the end date of the CPD activities.

For category I and II programmes/activities which have been accredited and assigned a CPD Code are eligible for CPD Points. CPD programmes/activities that were regularly approved in the past would be classified as “Pre-approved CPD programmes/activities” with assigned CPD codes, such as World Physiotherapy Conference. A list of “Pre-approved CPD programmes/activities” has been uploaded onto the PT Board website. **Individual registrants do not need** to apply for CPD points, when participating in these activities.

Application of CPD points

For Category I & II programmes/ activities NOT organised by an Accredited Programme Provider, the programme provider or individual registrant should apply CPD points from the PT Board. (**Appendix II**)

Registrants may consult the programme provider / organiser of the programme/activity if a CPD code is already assigned for the corresponding programme/ activity.

For category III to VI activities, registrants should follow the requirements as stipulated in **Appendix I** and keep all the relevant records and documentary proof for at least 6 years for audit purpose.

Registrants are required to participate in a minimum of 75% of each CPD activity, plus any other assessment(s) requested by the programme /activity provider. Re-attending the same CPD activity with identical content is not eligible for repeated CPD points, unless the content has been updated or the attendee is participating in a different role (e.g., as a speaker).

5. CPD MANAGEMENT

The structure of CPD management can be summarised as in the organisation chart below. Under the PT Board, the Education Committee is responsible for CPD management including setting up of procedures and criteria for the accreditation and monitoring of programme administrators and programme providers. The Education Committee also conducts random check of CPD scoring status of registrants and handles the issues addressed in relations to appeal/grievance. All CPD records and information of registrants will be submitted to the PT Board.

Operational policies and guidelines, roles & responsibilities of programme administrators and accredited programme providers have been detailed in the: “Manual for Accredited Programme Provider of Mandatory CPD for Registered Physiotherapists” and “Manual for Programme Administrator of Mandatory CPD for Registered Physiotherapists”.

6. REPORTING SYSTEM & AUDIT

Registrants will be required to submit their CPD attainment every three years on the same occasion when they renew their practising certificate. A personal CPD Record Form (**Appendix III**) reflects learning and development as well as a basis for future learning plan where adaptability and responsiveness to demands and changes in clinical practice can be duly enhanced.

Upon the completion of a 3-year CPD cycle, registrants shall complete the CPD Record Form and indicate their status of fulfillment: a minimum of 45 CPD points and a minimum of 5 CPD points attained within the CPD cycle.

Registrants must keep all their CPD records and documentary proof for at least **6 years** for random checks by the PT Board. Registrants are advised that submission of false or misleading information in relation to CPD attainment or remedial compliance constitutes a serious breach of professional conduct. False reporting may constitute a criminal offence under applicable legislation and may expose the registrant to criminal liability, in addition to professional disciplinary action by the Board. Registrants are required to ensure the accuracy and truthfulness of all CPD documentation and reports submitted to the Board.

7. EXEMPTION

Registrants could be certified to have a medical condition or other circumstances which the Board considers as acceptable reasons for exemptions from CPD (e.g. prolonged illness, and permanent disability). Registrants should submit an exemption application to the Board for consideration on a case-by-case basis.

8. NON-COMPLIANCE WITH THE MANDATORY CPD REQUIREMENTS

For cases of non-compliance as declared by the registrants or discovered during audit check, the Board Education Committee will conduct an assessment.

8.1 Non-compliance That is Remediable

- (i) Registrants must have achieved **not less than two-thirds** of the required number of points for a cycle. The Board may, at its discretion, accept other conditions on reasonable grounds
- (ii) Registrants will be required to engage in a **remedial programme** for the deficiency, which must be finished by the end of the relevant next cycle.
- (iii) The next cycle shall follow immediately after the previous cycle without any break, i.e. the registrants will have to undergo normal and remedial CPD at the same time.
- (iv) Registrants who have failed to make remedy prescribed by the Board for the deficiency without acceptable reasons could be regarded as a case of noncompliance that is not remediable.

8.2 Non-compliance That is Not Remediable

For registrants who have obtained **less than two-thirds** of the required number of points for a cycle **without acceptable reasons**, no practicing certificates will be issued. Registrants are required to attain 90 CPD points before applying for practising certificate / restoration.

9. REMEDIAL MECHANISM

If registrants achieve at least two-thirds of the required CPD points for a cycle but fails to attain a minimum of 5 CPD points in each year of that cycle, they are required to obtain the remaining points, along with an additional 5 CPD points for each year's deficiency as an additional requirement in the subsequent cycle.

For various remediable scenarios (examples) and the corresponding additional requirements, please refer to the table as below-

CPD points attained in the 1 st Year	CPD points attained in the 2 nd Year	CPD points attained in the 3 rd Year	Additional CPD points required in the next cycle*	Total CPD points required in the next cycle
10	10	10	15 (remaining pts – total requirement)	60
30	15	0	5 (remaining pts – annual minimum requirement)	50
20	10	0	15 (remaining pts – total requirement) +5 (remaining pts – annual minimum requirement)	65
0	0	60	10 (remaining pts – annual minimum requirement)	55

Note*: Registrants should fulfil the respective category requirements. The CPD points required in the subsequent cycle will include remaining points carried over from the previous cycle, in addition to the CPD points required for the new cycle. CPD points attained as remaining points for deficiencies in the remedial programme shall not be counted toward the upcoming cycle. The remedial programme shall be completed within the immediate subsequent CPD cycle, and such cycle shall represent the final and sole opportunity for the registrant to remedy the deficiency. Under no circumstances shall further extension, deferral, or additional opportunity be granted for the completion of the remedial obligation.

10. APPEAL CHANNEL & PROCEDURES

Any disagreement with the committee, a formal appeal in writing could be submitted to the PT Board for resolution-

Notes to Registrants on Completion of CPD Record Form

Sample Form for Individual/Organisation (non-accredited programme provider) to apply for Programme Accreditation

PHYSIOTHERAPISTS BOARD

Application for Accreditation of Continuing Professional Development (CPD) Programme for Registered Physiotherapists

Please read the following instructions:

Before Application

- ☐ This application form is for an activity / programme under Category I "Attendance at lecture / seminar / conference" or Category II "Post-graduate studies", which is **NOT** organised by an Accredited Programme Provider.
- ☐ Before filling in the application form, please check if the activity / programme has been included in the "Pre-Approved CPD programmes" or "Accredited CPD programmes" on Physiotherapists Board Website. If affirmative, you could simply refer to the CPD points awarded and a separate application of awarding CPD points is NOT REQUIRED. If not found, please refer to the following steps for application.

Steps for application

1. Visit the Physiotherapists Board Website to download and complete the application form in fillable pdf format. To facilitate the efficient processing of the application, form filled in MS Word format or filled by handwriting is NOT ACCEPTED.
2. Send the completed e-Form and relevant supporting documents to pt.cpd@dh.gov.hk. To facilitate the consideration of your application, you are encouraged to provide relevant documents to support the application. (e.g., promotion pamphlet, introduction of the course/speakers) as detailed as possible. Insufficient information provided may delay the process of the application.

Processing of Education Committee

- ☐ Your application and information will be passed to the Education Committee for its handling and consideration. Kindly allow a processing period of 4-6 weeks. Please note that this timeline may be extended if there is a high volume of applications to process.
- ☐ The application result will be announced by an email. Successful application will be accredited CPD points. The relevant information will be uploaded onto Physiotherapists Board website for all registrants' reference.
